FOR CHILDREN

Why should you Give As You Earn?

Payroll giving is one of the most tax-effective ways for you to donate to charity. Donating to the charity of your choice directly from your salary gives you and the charity you choose to support some unique payday benefits.

Your donation is taken from your pre-tax salary, meaning that part of your donation comes from money that would have otherwise gone to HMRC.

For example making a £20 donation to charity:

As a 20% taxpayer:	
Total donated to charity	£20.00
You pay	£16.00
Reduction in tax	£4.00

How You Can Help...

- £5 can provide life-saving anti-malarial medication.
- £20 can provide educational materials for a contact point.
- £50 can pay for a Street Educator for a week.

Details You Need For Give As You Earn Form
